AFFIDAVIT IN SUPPORT OF THE
REQUEST FOR CONFIDENTIAL TREATMENT

STATE OF IOWA)	
) ss	
COUNTY OF POLK)	

I, Michael C. Fehr, of legal age, being first duly sworn on oath, do hereby depose and state that I am Vice President – Resource Development for MidAmerican Energy Company ("MidAmerican" or "Company"), and in said position and based upon my professional experience I have personal knowledge of the facts stated herein.

My Affidavit is filed in support of the claim of privilege of MidAmerican for the following Confidential Information pertaining to MidAmerican’s Wind VIII, IX, X, XI and XII Projects which are being provided as part of MidAmerican’s Updates on those Projects:

Certain cost information concerning the Wind VIII, IX, X, XI and XII Projects (i.e., unredacted page 1 of the Wind VIII, IX, X, XI and XII Project updates, which are filed contemporaneous with this affidavit and the associated Application for Confidential Treatment).

I state as follows:

It is my opinion that the Confidential Information comprises trade secrets, reported to a government agency (the Iowa Utilities Board), which is of significant commercial value to MidAmerican. In addition, the Confidential Information constitutes a report to the Iowa Utilities Board (“Board”) which, if released, would threaten the electric rate and cost interests of MidAmerican’s customers and serve no public purpose. General availability of this Confidential Information to the general public and, specifically, to MidAmerican’s potential wind project vendors, MidAmerican’s competitors for the purchase of wind generation components and for the development of wind projects, and to MidAmerican’s competitors in the wholesale energy markets, would hurt MidAmerican’s negotiating and competitive position in future efforts to add reasonably priced wind generation to its generation portfolio and in future efforts to market energy. Release of this information would serve no public purpose, and would discourage disclosure of such information.

My primary concern is to protect MidAmerican’s confidential and commercially sensitive information from public disclosure in order that the Company may continue to operate competitively in its pursuit of wind generation projects. It is not my intent to withhold this information from the Board or the Office of Consumer Advocate (“OCA”) who require it to carry out their statutory responsibilities.

Given the sensitivity of the Confidential Information described above, MidAmerican would request that review of the Confidential Information be limited to the Board, Board staff, and the OCA, and that the Confidential Information be withheld from general public inspection to the extent permitted by law, and by the rules of the Board.

Further, the Affiant sayeth not.
