IOWA UTILITIES BOARD

I am respectfully writing (again) to add to my previous objections to the Rock Island CleanLine Docket # E 22137 Cedar Co.

It has been reported that "CleanLine" has asked for a bifurcation - for the 3<sup>rd</sup> time!

Since they were denied this process 2 times previously, and nothing has changed, I am writing to ask that they be denied once again.

They have not proven a need, not tried to alter the route AND after 2 years - have only gotten less than 15% of voluntary land easements.

They should not be granted eminent domain privileges -

Thank you for your time & consideration in this very important matter -

"I object!"
