 EQUALIZATION REQUEST. THE CHANGES WILL BE IMPLEMENTED ON JUNE 30, 2008. BASED ON THIS  
 DECISION, YOUR ELECTRIC RATES MAY REFLECT AN INCREASE OR DECREASE, AS INDIVIDUAL IMPACTS MAY  
 VARY. FOR MORE DETAILS, GO TO WWW.ALLIANTENERGY.COM/IOWARATES OR CALL 1-800-255-4268.

THE "NEW RATE" DESIGNATION ON YOUR BILL (AS IN NEW RATE SUMMER 1ST STEP) REPRESENTS YOUR NEW

 ENERGY YOU USED PRIOR TO THE IMPLEMENTATION OF NEW RATES. IF YOU HAVE QUESTIONS,  
 CALL 1-800-ALLIANT (1-800-255-4268).

The "New Rate" designation on your bill represents your new basic service charge and energy charge. Any designations without the "New Rate" represent energy you used prior to the implementation of new rates.

This bill reflects new rates based on the Iowa Utilities Board's decision on IPL's 2010 rate case. It also includes a new line titled "Regional Transmission Service" that breaks out transmission costs from base rates. Savings from the cost management plan have provided a reduction in your energy cost line item. Customers eligible for refunds will see a credit on their bill in late spring. For more information go to [alliantenergy.com/iowarates](http://alliantenergy.com/iowarates) or call 1-800-255-4268.

Your bill includes a small decrease to your rate. This was based on the Iowa Utilities Board approving our request to lower customer rates slightly from the final rates implemented earlier this year. Planning an outdoor project this spring? Remember to call 811 at least two days before you begin to avoid serious injury and service interruptions. Crews will mark the location of underground utility lines on your property - free of charge!

Keep your family safe! Know the signs of a natural gas leak. If you smell an odor like rotten eggs, leave the area immediately. Don't stop to open windows and don't operate anything that might create a spark, like a telephone, cell phone or light switch. Call Alliant Energy from a remote location. If gas is blowing, call 911.

We are making minor administrative changes to some customer bills. These changes do NOT affect your rate or the amount you are charged. You may have a new rate code, and customers will see their rate classification name change from General Service to Nonresidential General Service. Not all customers will see these changes, which are for administrative purposes only and do not affect rates.

Your meter reading has been estimated this month. Please see the reverse side for more information.
