June 6, 2022

Iowa Utilities Board
1375 E Court Ave
Des Moines IA 50319

RE: Proposed CO2 Pipeline Project

Please accept this letter as a formal objection by the Lee County Board of Supervisors, to the construction of a carbon dioxide pipeline as proposed by Navigator Heartland Greenway LLC.

The Board has listened to its private citizens and landowners and we agree that the construction of the pipeline not only disrupts the agricultural economy of Lee County, but we are concerned with the safety of our citizens in the event some unfortunate incident should occur.

We respectfully request that the Iowa Utilities Board consider the principles set forth in Iowa Code 6A.21. Portions of this code clearly demonstrate the protection of agricultural lands from private development. Unlike natural gas pipelines or fuel pipelines, CO2 pipelines serve no public purpose. The precedent set by granting of eminent domain to projects like this, would mean that eminent domain could be used for any number of projects for which it was never intended.

Lee County strongly urges the Iowa Utilities Board to cautiously and carefully consider the nature of the benefits when determining public convenience and necessity of the proposed pipeline.

This Board, as the undersigned, having been elected to represent the Lee County residents and taxpayers, do hereby support them in their opposition to the CO2 pipeline and ask the Iowa Utilities Board to deny any and all permits and/or eminent domain declarations against the landowners in Lee County.
I am opposed to the Navigator—Heartland Greenway carbon dioxide pipeline.

___ I have property that will be affected by the pipeline. Approximately _____ miles and _____ acres.

___ I own property but not in the path of the pipeline.

X I do not own property but I am opposed to the pipeline.

Name: Scott White

Address: 2023 250th St. Donnellson, IA 52625

Phone: 319 470 9194

Signature: ___________________________

Date: 5-25-2022

Comments: I Farm ground that a previous pipeline went through about six years ago. There is still significant crop loss in their easement along with large areas of standing water that previously drained. I do not believe this ground will be back to normal in my lifetime.
I am opposed to the Navigator—Heartland Greenway carbon dioxide pipeline.

Comments:
These pipeline companies are running roughshod over those of us who don't believe in their cause. At the informational meeting they told us that this pipeline and pumping "carbon" a mile beneath the earth's surface is all "pretty much experimental," and they did not deny that they will use eminent domain to do it. So that would mean the governor and legislature are willing to allow a business enterprise to permanently destroy some of my business enterprise for an "experiment."

I was conservation farmer of the year in 2017 for south east Iowa, and have been featured in Wallaces Farmer and no-till farmer magazines. Through state and federal programs I have worked diligently to build erosion control structures and improve water quality with
HUNDREDS OF THOUSANDS OF OUR FAMILY’S MONEY ONLY TO WATCH THE SURVEYORS MARK THE LINE WHERE THEY ARE GOING TO RIP IT UP. I WAS SUPPOSED TO BE GIVEN 3 DAYS NOTICE SO I COULD LOCATE TILE LINES FOR THEM BUT WAS INFORMED THE PERSON WHO TOOK NAMES FOR THIS WAS “LET GO.” SO THEY WENT UNDER THE FENCE AND WENT WITHOUT ME. OUT OF PROBABLY TEN LINES – HE SAID THEY FOUND ONE. IF THAT IS THE INFORMATION THEY GO FORWARD WITH, I WILL SPEND THE REST OF MY LIFE TRYING TO REPAIR MY LIFE’S WORK. I AM AFRAID ANY MONEY WE ARE COMPENSATED WILL BE SPENT BY MY SON AND I REPAIRING DAMAGE TO EROSION CONTROL STRUCTURES CREATED BY MYSELF, MY DAD AND MY GRANDDAD. AND COMPENSATION ONLY ADDRESSES THE AGRICULTURE VALUE SO ANY FUTURE DEVELOPMENT VALUE IS NOT ONLY LOST BUT NOT CONSIDERED.
APPARENTLY DAKOTA ACCESS DID A POOR JOB OF FIXING TILES AND TERRACES. AND THE IOWA UTILITIES BOARD SEEMS TO BE A WORTHLESS RUBBER STAMP AS LONG AS THE PIPELINE JUMPS THROUGH THE RIGHT HOLES.

I KEEP THINKING THIS CANNOT BE HAPPENING IN IOWA—SELLING OUR SOULS AND RESOURCES FOR THE OFFERED PRICE OR LESS BY FORCE. EMINENT DOMAIN HAS TO GO AWAY FOR THESE EXPERIMENTAL PRIVATE ENTERPRISES. THAT IS THE ONLY LEVERAGE WE HAVE TO KEEP OUR PRECIOUS RESOURCES IN TACT.

Comments:

We are strongly opposed to you going through our ground, we worked hard to clean it up, put terraces and tile in them, to make them grow a decent crop. Now you want to come through. Flow through the terraces and tile. It will never be the same. You will have destroyed all our hard work and it will never grow the crop that it does now. We put tile in and know that you will not be able to put it back the same way it was.
