Re: Docket No. HLP-2022-00____
Request for Public Informational Meeting Dates

To Whom It May Concern:

Wolf Carbon Solutions US, LLC ("Wolf") has developed a proposal to build and operate a carbon capture pipeline system in Iowa and Illinois ("Mt. Simon Hub"). The project will capture carbon dioxide emissions from local facilities before it reaches the atmosphere, convert it to a liquid form, and transport it via pipeline to a permanent underground sequestration site within the Mt. Simon Sandstone saline reservoir in Illinois. Wolf is committed to transparent, two-way communication throughout this process and is enthusiastic about bringing the economic and environmental benefits of this carbon capture and storage project to Iowa. To begin the process, Wolf is requesting public informational meetings in the counties listed in the chart below, on the dates and times specified.

County	Date	Time
Linn	September 13, 2022	Noon
Johnson	September 13, 2022	6:00 p.m.
Cedar	September 14, 2022	Noon
Clinton	September 14, 2022	6:00 p.m.
Scott	September 15, 2022	Noon
Virtual	September 15, 2022	6:00 p.m.

A virtual meeting has been proposed as an alternative to virtual participation and all meetings are designed to take place before the fall harvest to better encourage and enable participation. Wolf has taken the Board's public schedule into account, and has grouped counties for ease of travel. Once dates are confirmed, we will make reservations for suitable locations in each County. All locations will meet the requirements of the Board's rules. Each location will have WiFi capabilities

and will be ADA-compliant. Wolf is aware that it is customary to provide back-up or alternative dates; however, we are concerned that any later dates will push into the harvest season. The Wolf team is available to accommodate the Board's schedule in the last two weeks of September should any dates need to be adjusted.

With this letter, Wolf encloses a current preliminary map of the project for illustrative purposes.

If you have any questions, please let me know. To allow adequate time for mailed notice to be provided, Wolf respectfully requests the Board issue meeting dates as soon as possible.

Respectfully,

/s/ Amanda James
