

FOR **DECORAH**,  
A MUNICIPAL  
UTILITY MEANS  
**HIGHER  
RATES**

**Alliant  
Energy**™

A study by Concentric Energy Advisors, an experienced municipalization modeling firm, suggests a Decorah municipal electric utility would need 30% higher rates just to pay its bills.

This means that municipal operation of the system could cost you hundreds of dollars a year in higher electric costs.

## WHY RISK DECORAH'S FINANCIAL HEALTH AND YOUR HARD-EARNED MONEY?

**VOTE NO** TO MUNICIPALIZATION  
ON MAY 1<sup>ST</sup>
