

STATE OF IOWA
BEFORE THE IOWA UTILITIES BOARD

IN RE: INTERSTATE POWER AND LIGHT COMPANY	DOCKET NO. EEP-2018-0003
--	---------------------------------

**REVISED APPLICATION FOR LIMITED MODIFICATION OF IPL'S ENERGY
EFFICIENCY PLAN BUDGETS AND IMPACT GOALS**

Interstate Power and Light Company (IPL), pursuant to 199 I.A.C. § 35.10, files this Revised Application for Limited Modification of its 2020-2023 Energy Efficiency Plan (Plan).¹ During review of Iowa Utilities Board (Board) Staff's October 21, 2020 Request for Additional Information regarding IPL's initial Application, IPL determined it was necessary to update the overall Plan budgets in its Application to reflect the September 24, 2019 Second Amended Budgets. Accordingly, IPL now seeks Board approval of the accompanying Revised Application for Limited Modification, which will allow IPL to modify the program budgets and impact goals to add a Smart/Wi-Fi Thermostat Pilot to the Demand Response Portfolio.

WHEREFORE, for the reasons stated above, IPL respectfully requests that the Board grant IPL's Revised Application for Limited Modification to allow modification of years 2020-2023 of IPL's Energy Efficiency Plan budgets and impact goals.

¹ Docket No. EEP-2018-0003 Final Order, issued March 26, 2019.

Dated this 2nd day of November, 2020.

Respectfully submitted,

**INTERSTATE POWER AND LIGHT
COMPANY**
