**Re: In re Dakota Access, LLC, Docket HLP-2014-0001
Notice Regarding Commencement of Construction**

Dear Executive Secretary:

On May 8, 2020 the Board issued its "Order Issuing Amended Permit and Granting Extension" ("Amendment Order") in the above-referenced docket, issuing Dakota Access, LLC ("Dakota Access") an amended permit to allow Dakota Access to make upgrades to the Cambridge Pump Station in connection with the optimization of the Dakota Access Pipeline. While the Board's Order does not specifically require that Dakota Access provide notice prior to beginning construction of the upgrades at the Cambridge Pump Station, it does require monthly construction progress reports once that construction begins. Dakota Access provides this notice to the Board to inform it that Dakota Access intends to begin construction of the Cambridge Pump Station on or about April 5, 2021. Consistent with the Amendment Order, Dakota Access will provide monthly construction progress reports to the Board with the first being approximately one month from now.
