Utility Type: Other
If other, please provide company name: unknown
Have you contacted the utility about the problem?
Do you currently have working utility service?

==General nature of your complaint==

Complaint area: Line Extension

==Description of Complaint==

Describe your problem in detail: (Please be sure to include any dates, times, names of persons, or other details that will be helpful to our understanding the problem and seeking resolution.): I am very concerned about the location for the proposed CO2 pipe line. A portion of our community is part of the Mega Park. We have plans in place for the next 20 years on the development of this and other portions of the property to our South. I would like to see the exact location they have in mind, and if there is any alternative routes available.
