December 21, 2021

Iowa Utilities Board:

On behalf of the O'Brien County Board of Supervisors, I am registering our opposition to the granting of eminent domain for the Summit Carbon Solutions carbon capture project that is proposed to be constructed in and through O'Brien County. The O'Brien County Board believes that each land owner should have the right to decide if they want the carbon pipelines on their property.

Sincerely,

A solid black rectangular redaction box covering the signature of Nancy McDowell.

Nancy McDowell, Chair
O'Brien County Board of Supervisors
