Wally

Just letting u know I am so fed up tonight from being harassed by these folks calling at supper time . I kept shutting the phone off and they would call back. Same number (361) 215-2777. Same number five times and 3 voice mails and then finally a text . I want NOTHING to do with Carbon Solutions.. In the text the gal name is Christy Clark says she is mailing me a easement packet and their current offer is \$57,647.84. Im not interested and do not want them on my land. Im t call her back at 214-901-2123. Well that is not going to happen. Could u PLEASE report them and get them to leave me alone. Thank you
