Re: Docket No. HLP-2022-0002  
Revised Request for Public Informational Meeting Dates

To Whom It May Concern:

On June 27, 2022, Wolf Carbon Solutions US, LLC ("Wolf") filed a request for dates for informational meetings. With that request, Wolf filed a proposed schedule of meeting dates and times for each county. After further discussions with Board Staff, Wolf is filing updated proposed dates and times listed in the chart submitted with this letter.

Wolf is working to make reservations for suitable locations in each County. All locations will meet the requirements of the Board's rules. Each location will have WiFi capabilities and will be ADA-compliant. In the chart, Wolf has also listed the estimated number of centerline parcels crossed in each county listed and the number of unique owners within the corridor for each county.

With this letter, Wolf encloses (a) an updated preliminary map of the project for illustrative purposes, (b) a proposed draft of the template for mailed notices of the informational meetings, along with the Project Overview Handout that will be included, (c) a sample county-specific map, (d) a proposed draft of the notice that will be placed in a newspaper in each county, and (e) a draft of its Statement of Damage Claims.

If you have any questions, please let me know. To allow adequate time for the notice to be prepared and mailed on July 18, 2022, Wolf respectfully requests that the Board approve the meeting dates as soon as possible.

Respectfully,

/s/ Amanda James
