Objection to be filed in Docket Nos.:

- HLP-2021-0001 (*Summit Carbon Solutions, LLC*; Petition for Hazardous Liquid Pipeline Permit)

I am in total opposition to the plans for Summit Carbon Solutions to utilize processes that are unproven to transport potentially dangerous chemicals across our state. This action has no positive outcome and will only create more havoc in false attempts to mitigate the climate crisis. Our state already overproduces corn to produce ethanol when we should be developing actual solutions that won't destroy farmland and risk our health in Iowa.
