CEDAR COUNTY, IOWA

August 16, 2022

Iowa Utilities Board  
RE: HLP-2022-0002 (Wolf Carbon Solutions US LLC; Petition for a Hazardous Liquid Pipeline Permit)  
1375 E. Court Ave.  
Des Moines, IA 50310-00069

Iowa Utilities Board,

On this day August 16, 2022, the Cedar County Board of Supervisors passed a unanimous motion to submit official comments for the docket regarding the Wolf Carbon Solutions US LLC CO2 pipeline. The pipeline is tentatively planned to go through Cedar County. The Cedar County Supervisors are vehemently opposed to the proposed project and its impact for the following listed reasons:

- 1) Eminent Domain for a private project - The proposed use of Eminent Domain (Condemnation) should be reserved for projects that serve a public purpose not private one. Private projects like this pipeline should utilize established road ROW (right of way). Carbon sequestration in this case does not serve a public purpose only a private one.
- 2) Public safety – The proposed pipeline passes through the heart of the county. We are concerned with the response time for EMS services for our residents.

The Cedar County Board of Supervisors requests that the Iowa Utility Board deny the pipeline permit.

Respectfully,

  
\_\_\_\_\_  
Jon Bell, Pro-Tem Chairperson, Cedar County Board of Supervisors
