Re: SOO Green HVDC Link ProjectCo, LLC, E-22436

Dear Board Members and Staff:

SOO Green HVDC Link ProjectCo, LLC (SOO Green) today filed Exhibit Es requesting condemnation authority to obtain easements from the eight Objectors who own property in Dubuque and Clayton counties next to the Canadian Pacific Railway corridor and who claim an interest in that corridor. The proposed route for the SOO Green +/- 525 kilovolt high voltage direct current electric transmission line is entirely within the railroad corridor adjacent to the Objectors' properties. Revised petitions for Dubuque and Clayton counties have also been submitted.

In total, there are 5 Exhibit Es in Dubuque County and 11 Exhibit Es in Clayton County. We believe these to be all of the Exhibit Es that are required to be filed. As the Board is aware, the Gantzs have withdrawn their objection and a voluntary easement is pending, so no Exhibit Es are being filed for the Gantz parcels.

SOO Green is continuing to pursue voluntary easements with the remaining eight objecting adjacent landowners.

Sincerely,

FREDRIKSON & BYRON, P.A.
