Subject: Dinner w/ Bruce

Sara,

Governor has a personal event on the evening of Dec. 10th that I did not know about yet. I apologize about that.

She's traveling for the next two weeks, so let's circle up sometime next week and take another wack at this.

EXHIBIT

LO 572

exhibitsticker.com

Thank you!

Kirby,

My name is Sara Hobson and I do scheduling for Bruce Rastetter. He would like to schedule a dinner in the next few weeks with Governor. Could you let me know if there any availability week of January 21st or 28th? If not what other options might be possible for Governor.

Thanks,

Sara Hobson

Sara,

I received your email last week and thought I had responded but now do not see my outbound message in my sent folder so I am sorry if something didn't go through. I am still checking on her availability for next Monday. I assume they would meet in Des Moines - is that accurate?

Again, my apologizes!

Kirby,

My name is Sara Hobson and I do scheduling for Bruce Rastetter. He would like to schedule a dinner in the next few weeks with Governor. Could you let me know if there any availability week of January 21st or 28th? If not what other options might be possible for Governor.

Thanks,

Sara Hobson

Sara, it looks like we may have a conflict now but that won't be finalized for a bit longer. Do you want to continue to hold that evening or go ahead and look for another date? Either option is fine with me for the time being.

Kirby,

I wanted to give you a heads up on an event coming up, Bruce has his annual summer party scheduled for Saturday, July 27th. There will be an special invite portion from 3-5 pm and feature guest speaker Mike Hayes. Attached is more information on Mike, then following this the party will be from 5-10 pm. FYI, both events will be at his home which is different from the past years.

SUMMIT AGRICULTURAL GROUP

A Principled Approach.

2019 INVESTOR DAY FEATURING MIKE HAYES

Investors and Partners,

I am pleased to announce that Mike Hayes will be the featured speaker at our annual investor gathering Saturday, July 27th. I had the opportunity to hear Mike speak last year in New York City at the Tiger Infrastructure investor event. Mike's story is truly inspiring and has the unique ability to weave his diverse military background with concepts that are applicable to any business environment. I believe our group of investors will walk away from Mike's talk with a number of thoughts that are directly applicable to their own business, including managing and motivating teams and the process around making better business decisions.

Click below for Mike's full biography. Highlights include spending 20 years in the U.S. Navy Seals where he served around the globe and headed some of the highest profile missions during that period. After transitioning to the business world Mike served as Chief of Staff to the CEO and COO roles at Bridgewater Associates and is currently SVP and Head of Strategic Operations at Cognizant Technologies.

Thanks,
Bruce

I will be out of the office Monday, April 22 - Tuesday, April 23 with limited access to email.

If you have an immediate scheduling need for Governor Reynolds, please contact kassidy.krause@iowa.gov

If you have an immediate scheduling need for Lt. Governor Gregg, please contact taylor.collins@iowa.gov

Or, you can call our main phone number 515-281-5211.

Otherwise, I will respond upon my return.

Kirby,

Wanted to follow up and see what we can do to reschedule dinner with Governor and Bruce. Also Bruce spoke with Governor yesterday regarding our event on Saturday, July 27th. I wanted to send the details I have right now. Meeting portion of the event will be 3-5 pm and then the party would be from 5-10 pm. Bruce mentioned Governor would be available again to speak briefly at the meeting portion of our event so I wanted to ensure you had this information for scheduling. Both events will be held at Bruce's home address (meeting in the barn, party at the house)

Kirby,

Any chance you have a short bio we can use for Governor as we put the finishing touches on our invite for Saturday, July 27th. Also can we use the photo below or do you have an updated one that you prefer we use for this event.

It’s an honor to introduce Kim Reynolds – Iowa's 43rd Governor.

Whether it’s supporting project-based learning, fighting for teacher leadership development, or championing STEM-related efforts, Governor Reynolds has shown by her actions that education is and will remain a top priority.

In February, the Governor made education funding her first bill to sign into law this session. At that time, while surrounded by educators and students in the Statehouse Rotunda, she reaffirmed her commitment to prepare Iowa’s young people for the challenges of a 21st century economy.

I’ve seen first-hand how Governor Reynolds works with students, teachers, business, and community leaders to drive innovation and encourage ingenuity. Perhaps it’s because she's the Mom of a school teacher or maybe... it’s due to having 10 grandchildren growing up in Iowa…. but I believe the Governor’s unwavering passion for education will never cease!

Please join me in giving a warm welcome to Iowa’s top executive: Governor Kim Reynolds!

Pat,

Thank you for sending this info on Governor Reynolds. What we're looking for is a bio that people will be reading on our invite rather than someone introducing her. If you'd like, I can take what you've given me, tweak it for the invite and resend it to you for your approval.

GOVERNOR:
Kim Reynolds

Physical Address:
State Capitol, Des Moines 50319

Phone Number:
515.281.5211

Website address:
governor.iowa.gov

Political Party:
Republican

City of Residence:
Osceola

County of residence:
Clarke

List of Deputies:
Jake Ketzner, Chief of Staff
Austin Jacobs, Scheduler

Term: Expires January 2023.

Profession: Elected Governor in November 2018. Sworn in as Governor on May 24, 2017. Elected Lieutenant Governor in November 2010 and reelected in November 2014. Served in the Iowa State Senate from 2009 – 2010. Served as a ranking member on the Local Government Committee and as a member on the Economic Growth, Environment and Energy Independence, Rebuild Iowa, and Transportation committees, as well as the Economic Development Appropriations Subcommittee. Prior to being elected to the Iowa Senate, Reynolds served 14 years as the Clarke County Treasurer, from 1995 – 2009. During her tenure as treasurer, she took an active role at the local, state, and national levels. In 2000, she served as president of the Iowa State Treasurers Association. Reynolds continued her statewide leadership through her work on a three-person policy team that was instrumental in the implementation of the Iowa State County Treasurers Association Internet site, which offered online service at no or minimal cost to Iowans. In 2004, Reynolds received the Victor Martinelli "Outstanding County Treasurer in the United States" award. Reynolds was also a member of the Iowa Public Employees' Retirement System's Investment Board. She also worked as a motor vehicle clerk and pharmacist assistant.

Education: Graduated from Interstate 35 High School in 1977. Received her bachelor's degree from Iowa State University in 2016.

Filed with the Iowa Utilities Board on August 21, 2023, HLP-2021-0001

Memberships and Activities: Governor Reynolds co-chairs the Governor's Science, Technology, Engineering, and Math (STEM) Advisory Council, Future Ready Iowa, and the Iowa Partnership for Economic Progress (IPEP). She also chaired the Iowa Energy Plan. She is honorary chair of Million Women Mentors (national and state) and the Epic Corporate Challenge and chair of Yankee Doodle Drive Against Hunger. Governor Reynolds is on the executive committee of the National Governors Association and is a member of the President's Task Force on Apprenticeship Expansion, the Governors' Biofuels Coalition, the Midwestern Governors Association, the Iowa Women's Hall of Fame, Nexus Executive Women's Alliance, Business Record's Women of Influence, and STEMConnector "100 Women Leaders in STEM." In 2017, Reynolds received the first-ever national "Stand Up for STEM" award. She is also a member of Lutheran Church of Hope in West Des Moines.

Birth and Residence: Born in 1959 in St. Charles. Resides in Des Moines.

Family Members: Husband, Kevin Reynolds; three daughters and nine grandchildren.

Governorship

The supreme executive power of the state is vested in the Governor, whose term of office is four years.

A person is eligible for the governorship who is a citizen of the United States and a resident of Iowa for two years preceding the next election, and has attained the age of 30 years at the time of said election.

The Governor appoints all principal officers of the state not elected by the people and certain other officers connected with the state government, subject to confirmation by a two-thirds vote of the members of the Senate. When any office, from any cause, becomes vacant, and no mode is provided by the Constitution and laws for filling such vacancy, the Governor has the power to fill such vacancy.

The chief executive is also responsible for taking final action on all laws enacted by the General Assembly. The Governor may approve, by signing, or disapprove, by veto, a bill passed by both houses of the Legislature or the Governor may allow a bill received before the last three days of a legislative session to become law without signing it. A bill received during or after the last three days of a legislative session must be signed by the Governor in order to become law.

The Governor may also call a special session of the General Assembly when there is necessity of action and may order adjournment of the Legislature if the members cannot reach agreement when to adjourn. The Governor must report to the Legislature the financial condition of the state and a recommendation for any appropriate action concerning the financial status.

The Governor has the task of granting or denying executive clemency in the form of restoration of voting rights, commutation of sentences, pardons, remissions of fines and forfeitures, and gun license privileges.

The specific statutory duties of the Governor include serving as commander-in-chief of the military forces of Iowa, acting as chairperson of the Executive Council, and granting or denying extradition whenever there is a request for a fugitive from justice.

Filed with the Iowa Utilities Board on August 21, 2023, HLP-2021-0001

The Governor, as chief executive, has many obligations to the people of Iowa. These include meeting different groups or individuals to discuss problems which in some way involve government; conferring with Iowa's congressional delegation to discuss national issues which affect Iowa; promoting Iowa and its manufactured and agricultural products; answering correspondence from the electorate; and endeavoring to meet visitors who wish to visit the Capitol and the Governor's Office.

Primarily, the Governor is the chief executive of the state government and is held responsible by the citizenry for the effective and efficient administration of the various state departments and agencies in Iowa.

Governor Reynolds

Governor Kim Reynolds, a former state senator and county treasurer, serves as Iowa's 43rd Governor. Prior to taking office on May 24, 2017, she served as Iowa's 46th Lieutenant Governor. Governor Reynolds truly understands the importance of fiscal responsibility, job creation, education, and technology.

Since 2011, Governor Reynolds has helped attract more than $15 billion in private investment to the state. Companies like Apple, Facebook, Google, Microsoft, CJ Bio America, Cargill, Mid-American Energy, Alliant Energy, CF Industries, and Valent Biosciences, have chosen to locate or expand in the state. During her tenure as Lieutenant Governor, Governor Reynolds used her in-depth understanding of Iowa's small towns and urban communities to continually move Iowa forward with bold economic development initiatives.

Governor Reynolds' international trade missions have taken her to China, Germany, Brazil, South Korea, Vietnam, the Philippines, Israel, Argentina, Uruguay, and Thailand. These efforts to establish long-term relationships overseas have resulted in increased exports, more foreign direct investment, and new jobs for Iowans.

Governor Reynolds has committed to visiting all of Iowa's 99 counties to learn about how Iowa can become an even stronger state. Whether it is meeting with business owners or rural farmers, she embraces the opportunity to gain insights into their concerns and to encourage their collaboration.

Mike Hayes is a senior executive at Cognizant, a 270,000 person IT services firm, Fortune #195, with $16B in revenue. He is a member of the 14-person executive leadership group, has P&L responsibility for the firm's largest clients in Banking and Financial services, and currently leads a massive change management program to drive scale and growth for the firm's largest accounts.

Prior to joining Cognizant, Hayes was a Chief of Staff to the CEO and Chief Operating Officer at Bridgewater Associates, the world's largest and most successful hedge fund with over $160B under management. He joined Bridgewater after serving as a White House Fellow and Director of Defense Policy and Strategy at the National Security Council under the Bush and Obama administrations, and a 20-year Navy SEAL career during which he was Commanding Officer of SEAL Team TWO.

Bruce Rastetter is a lifelong Iowan committed to making a difference in the state. He is a successful entrepreneur of agriculture and energy-related companies, as well as a community leader dedicated to improving the quality and affordability of higher education in Iowa.

A true entrepreneur, Bruce co-founded Hawkeye Energy Holdings in 2003, which grew to become one of America's largest pure-play ethanol producers. He served as CEO until 2011. Today, Bruce serves as CEO of Summit Agricultural Group, a leader in agribusiness, production agriculture, renewable energy and international development. The organization includes Summit Farms, headquartered in northern Iowa. The operation includes extensive grain and meat production while maintaining a strong environmental commitment, with thousands of acres of conservation land. Bruce, an active philanthropist and community leader, supports efforts focused on education and entrepreneurship. He is a past president of the Iowa Board of Regents.

It's an honor to introduce Kim Reynolds – Iowa's 43rd Governor.

Whether it's supporting project-based learning, fighting for teacher leadership development, or championing STEM-related efforts, Governor Reynolds has shown by her actions that education is and will remain a top priority.

In February, the Governor made education funding her first bill to sign into law this session. At that time, while surrounded by educators and students in the Statehouse Rotunda, she reaffirmed her commitment to prepare Iowa's young people for the challenges of a 21st century economy.

I've seen first-hand how Governor Reynolds works with students, teachers, business, and community leaders to drive innovation and encourage ingenuity. Perhaps it's because she's the Mom of a school teacher or maybe... it's due to having 10 grandchildren growing up in Iowa…. but I believe the Governor's unwavering passion for education will never cease!

Please join me in giving a warm welcome to Iowa's top executive: Governor Kim Reynolds!

So this works?

Governor Kim Reynolds, a former state senator and county treasurer, serves as Iowa's 43rd Governor. Prior to taking office on May 24, 2017, and being elected to a full term in November of 2018, she served as Iowa's 46th Lieutenant Governor. Governor Reynolds truly understands the importance of fiscal responsibility, job creation, education, and technology. Since 2011, Governor Reynolds has helped attract more than $15 billion in private investment to the state. Companies like Apple, Facebook, Google, Microsoft, CJ Bio America, Cargill, Mid-American Energy, Alliant Energy, CF Industries, and Valent Biosciences, have chosen to locate or expand in the state. During her tenure as Lieutenant Governor, Governor Reynolds used her in-depth understanding of Iowa's small towns and urban communities to continually move Iowa forward with bold economic development initiatives.

Governor Reynolds' international trade missions have taken her to China, Germany, Brazil, South Korea, Vietnam, the Philippines, Israel, Argentina, Uruguay, and Thailand. These efforts to establish long-term relationships overseas have resulted in increased exports, more foreign direct investment, and new jobs for Iowans. Governor Reynolds has committed to visiting all of Iowa's 99 counties to learn about how Iowa can become an even stronger state. Whether it is meeting with business owners or rural farmers, she embraces the opportunity to gain insights into their concerns and to encourage their collaboration.

It's an honor to introduce Kim Reynolds – Iowa's 43rd Governor.

Whether it's supporting project-based learning, fighting for teacher leadership development, or championing STEM-related efforts, Governor Reynolds has shown by her actions that education is and will remain a top priority.

In February, the Governor made education funding her first bill to sign into law this session. At that time, while surrounded by educators and students in the Statehouse Rotunda, she reaffirmed her commitment to prepare Iowa's young people for the challenges of a 21st century economy.

I've seen first-hand how Governor Reynolds works with students, teachers, business, and

community leaders to drive innovation and encourage ingenuity. Perhaps it's because she's the Mom of a school teacher or maybe... it's due to having 10 grandchildren growing up in Iowa…. but I believe the Governor's unwavering passion for education will never cease!

Please join me in giving a warm welcome to Iowa's top executive: Governor Kim Reynolds!

So this works?

Governor Kim Reynolds, a former state senator and county treasurer, serves as Iowa's 43rd Governor. Prior to taking office on May 24, 2017, and being elected to a full term in November of 2018, she served as Iowa's 46th Lieutenant Governor. Governor Reynolds truly understands the importance of fiscal responsibility, job creation, education, and technology. Since 2011, Governor Reynolds has helped attract more than $15 billion in private investment to the state. Companies like Apple, Facebook, Google, Microsoft, CJ Bio America, Cargill, Mid-American Energy, Alliant Energy, CF Industries, and Valent Biosciences, have chosen to locate or expand in the state. During her tenure as Lieutenant Governor, Governor Reynolds used her in-depth understanding of Iowa's small towns and urban communities to continually move Iowa forward with bold economic development initiatives.

Governor Reynolds' international trade missions have taken her to China, Germany, Brazil, South Korea, Vietnam, the Philippines, Israel, Argentina, Uruguay, and Thailand. These efforts to establish long-term relationships overseas have resulted in increased exports, more foreign direct investment, and new jobs for Iowans. Governor Reynolds has committed to visiting all of Iowa's 99 counties to learn about how Iowa can become an even stronger state. Whether it is meeting with business owners or rural farmers, she embraces the opportunity to gain insights into their concerns and to encourage their collaboration.

It's an honor to introduce Kim Reynolds – Iowa's 43rd Governor.

Whether it's supporting project-based learning, fighting for teacher leadership development, or championing STEM-related efforts, Governor Reynolds has shown by her actions that education is and will remain a top priority.

In February, the Governor made education funding her first bill to sign into law this session. At that time, while surrounded by educators and students in the Statehouse Rotunda, she reaffirmed her commitment to prepare Iowa's young people for the challenges of a 21st century economy.

I've seen first-hand how Governor Reynolds works with students, teachers, business, and community leaders to drive innovation and encourage ingenuity. Perhaps it's because she's the Mom of a school teacher or maybe... it's due to having 10 grandchildren growing up in Iowa…. but I believe the Governor's unwavering passion for education will never cease!

Please join me in giving a warm welcome to Iowa's top executive: Governor Kim Reynolds!

Hi Sara,

I just wrapped up a scheduling meeting with the Governor where we finalized some events and travel for that week. She will be able to attend the party starting at 5, but unfortunately won't be able to make it in time for the 3pm meeting. She will be flying back into Des Moines that afternoon from a week spent with RGA and NGA events. She is looking forward to the evening! Would you please confirm the address of the party so I can update the calendar?

Thank you!

Kirby,

I apologize for not getting back to you earlier on this, I did receive your vm as well. Bruce is excited to have Governor Reynolds join us on Saturday, July 27th at his annual event. We look forward to her arrival at 5 pm. The party will be at his home from 5-10 pm at the address below. Bruce would like to have a short program and may ask Governor to say a few words at that time if this is ok. Short program would begin about 7 pm. Please let me know if you have any additional questions.

Watch for the official invite coming soon!

Thanks,

Sara Hobson

It's an honor to introduce Kim Reynolds – Iowa's 43rd Governor.

Whether it's supporting project-based learning, fighting for teacher leadership development, or championing STEM-related efforts, Governor Reynolds has shown by her actions that education is and will remain a top priority.

In February, the Governor made education funding her first bill to sign into law this session. At that time, while surrounded by educators and students in the Statehouse Rotunda, she reaffirmed her commitment to prepare Iowa's young people for the challenges of a 21st century economy.

I've seen first-hand how Governor Reynolds works with students, teachers, business, and community leaders to drive innovation and encourage ingenuity. Perhaps it's because she's the Mom of a school teacher or maybe... it's due to having 10 grandchildren growing up in Iowa…. but I believe the Governor's unwavering passion for education will never cease!

Please join me in giving a warm welcome to Iowa's top executive: Governor Kim Reynolds!

Hi Sara, just going through event requests and I am not sure if I let you know about this one. Unfortunately, the Governor has the next Workforce Advisory Board meeting on June 18 so she isn't able to join. Hope you have a great turnout and a fun night!

Thanks,

Mike Hayes is a senior executive at Cognizant, a 270,000 person IT services firm, Fortune #195, with $16B in revenue. He is a member of the 14-person executive leadership group, has P&L responsibility for the firm's largest clients in Banking and Financial services, and currently leads a massive change management program to drive scale and growth for the firm's largest accounts.

Prior to joining Cognizant, Hayes was a Chief of Staff to the CEO and Chief Operating Officer at Bridgewater Associates, the world's largest and most successful hedge fund with over $160B under management. He joined Bridgewater after serving as a White House Fellow and Director of Defense Policy and Strategy at the National Security Council under the Bush and Obama administrations, and a 20-year Navy SEAL career during which he was Commanding Officer of SEAL Team TWO. He is a lifelong Sox/Pats fan, but most enjoys laughing with his wife, Anita, and their 17-year-old daughter, Maeson.

Bruce Rastetter is a lifelong Iowan committed to making a difference in the state. He is a successful entrepreneur of agriculture and energy-related companies, as well as a community leader dedicated to improving the quality and affordability of higher education in Iowa.

A true entrepreneur, Bruce co-founded Hawkeye Energy Holdings in 2003, which grew to become one of America's largest pure-play ethanol producers. He served as CEO until 2011. Today, Bruce serves as CEO of Summit Agricultural Group, a leader in agribusiness, production agriculture, renewable energy and international development. The organization includes Summit Farms, headquartered in northern Iowa. The operation includes extensive grain and meat production while maintaining a strong environmental commitment, with thousands of acres of conservation land. Bruce, an active philanthropist and community leader, supports efforts focused on education and entrepreneurship. He is a past president of the Iowa Board of Regents.

Chris Christie was inaugurated as the 55th Governor of the State of New Jersey on January 19, 2010. He was re-elected in November of 2013 and served two full terms as Governor. He left office in January of 2018. During his time in office, Governor Christie emphasized the issues of fiscal responsibility, pension and health benefit reform, education reform and the opioid crisis gripping his state and the nation. He also devised the state's landmark response to Superstorm Sandy, leading the rebuilding of the state's housing, infrastructure and public schools and setting a bi-partisan example for storm recovery.

On March 29, 2017, President Donald J. Trump appointed Governor Christie as Chairman of the President's Commission on Combating Drug Addiction and the Opioid Crisis. Governor Christie led the Commission on a seven-month investigation of this issue, holding hearings around the country. Prior to his service as Governor, he served as the United States Attorney for the District of New Jersey from January 2002 to December 2008.

Governor Christie authored "Let Me Finish," a political and personal autobiography, which was published by Hachette Books in January 2019. The book premiered at number five on The New York Times best seller list and stayed on the list for an additional three weeks. He is now a Senior Legal and Political Commentator for ABC News and the Managing Member of the Christie Law Firm and Christie 55 Solutions, LLC in Morristown, NJ. Governor Christie married his wife Mary Pat in 1986. They have four children: Andrew, Sarah, Patrick and Bridget. They currently reside in Mendham and Bay Head, New Jersey.

Doug Oberhelman served as chairman of the board of directors and as chief executive officer of Caterpillar Inc. beginning in 2010. After a 41-year career with Caterpillar, he retired as CEO on December 31, 2016 and as executive chairman on March 31, 2017.

Oberhelman serves on the board of directors of Exxon Mobil Corporation, Peter Kiewit Sons', Inc., and Bombardier Inc. He is former chair of both the Business Roundtable and the National Association of Manufacturers. He serves as vice president of the Wetlands America Trust and is a director on the board of the Max McGraw Wildlife Foundation. He is also chairman of the board of trustees for the Easter Seals Foundation of Central Illinois. Oberhelman is married to Diane Cullinan Oberhelman, the founding partner and current chairman of Cullinan Properties, based in Peoria, Illinois, with offices in Chicago and St. Louis. They have four grown children and ten grandchildren.

We would like to thank everyone who was able to attend our 2019 investor day on Saturday, we had a group of fantastic speakers.

For those who were unable to attend, we have attached the slides used in the presentation and included links to the videos that were shown during the event below.

Summit Agricultural Group Overview

FS Bioenergia Company Overview

As mentioned in the slides, we currently have two funds open for investment:

1. Summit Ag Opportunities: investing in Midwestern agriculture operating companies

2. Summit Pork II: owns and leases pork finishing buildings under long-term contracts with attractive tax benefits for individual investors via passive losses in the year of investment

Best regards,

Summit Team

Please note that the slides and videos were used solely to facilitate the presentations made during the investor meeting and do not contain all of the information discussed during the

presentation. The slide and videos are being provided to you for informational purposes only. Information about past performance of our investment funds and other businesses are not necessarily indicative of the future economic performance of our funds or other businesses.

The information in the slides and the videos are confidential and are for your use only. You may not make copies of the slides for any other persons or forward the links to the videos to any other person without our prior written consent.

The delivery of the slides to you is not an offer to sell securities to you nor a solicitation of an offer from you to buy securities from Summit. Any offer of securities of any of our funds will be made only by the delivery of a private placement memorandum relating to that fund that describes, among other things, the material investment risks associated with such fund. If you are interested in learning more about with Summit Ag Opportunities or Summit Pork II, please let us know and we will provide you with a copy of the appropriate private placement memorandum.

Kirby,

Bruce would like to schedule dinner sometime when it works for Governor, I intended to get this message to you earlier as I know he would like to schedule regular dinners with her as schedule allows. Let me know what you have as options.

Thanks,

Sara Hobson

Hi Sara,

Let me see what I can come up with- I know we are overdue for getting a dinner on the calendar. The Governor and Sara are both on their way back to Des Moines from NGA meetings in Washignton, DC today so I'll be able to look over upcoming evening availability with them a bit later this week.

Sara's email is sara.craig@iowa.gov and her desk number is 515-725-3501. She will be back in the office tomorrow morning if you need to get ahold of her. Let me know if I can help with anything else!

Sara,

Bruce would like to schedule a call with you when you have a few minutes. Could you let me know what you have available and I will work to find a time on Bruce's calendar.

Best Regards,

Sara Hobson

Hi Sara,

Let me see what I can come up with- I know we are overdue for getting a dinner on the calendar. The Governor and Sara are both on their way back to Des Moines from NGA

meetings in Washignton, DC today so I'll be able to look over upcoming evening availability with them a bit later this week.

Sara's email is sara.craig@iowa.gov and her desk number is 515-725-3501. She will be back in the office tomorrow morning if you need to get ahold of her. Let me know if I can help with anything else!

Kirby,

Wanted to send you a quick heads up that Bruce's annual party date is set for Saturday, July 25. Also, Bruce is planning a fundraiser for Iowa Foundation for Agricultural Advancement at the Stine Barn in May and I wanted to send you a quick note on that. We are looking at either May 13 or 14. Is there any chance one of those works for Governor? Probably not but I thought it wouldn't hurt to check.

Best,

Sara Hobson

Hi Sara,

By chance, would Bruce be available to have lunch with the Governor on Wednesday, March 18? Let me know how that looks on your end!

Thanks,

Kirby Connell | Scheduler

Thanks - I will add these to my scheduling list but they're both a bit far out to confirm right now. May is tricky with bill signings so it may be mid-April before we know more about the Governor's availability. Also, I'll be going on maternity leave in mid-April so I am copying in the Governor's assistant Kassidy so this can be on her radar as well. Kassidy will be filling in for me while I'm out so she will likely serve as your best point person for both of these events.

Kirby,

Wanted to send you a quick heads up that Bruce's annual party date is set for Saturday, July 25. Also, Bruce is planning a fundraiser for Iowa Foundation for Agricultural Advancement at the Stine Barn in May and I wanted to send you a quick note on that. We are looking at either

May 13 or 14. Is there any chance one of those works for Governor? Probably not but I thought it wouldn't hurt to check.

Best,

Sara Hobson

Thanks - I will add these to my scheduling list but they're both a bit far out to confirm right now. May is tricky with bill signings so it may be mid-April before we know more about the Governor's availability. Also, I'll be going on maternity leave in mid-April so I am copying in the Governor's assistant Kassidy so this can be on her radar as well. Kassidy will be filling in for me while I'm out so she will likely serve as your best point person for both of these events.

Kirby,

Wanted to send you a quick heads up that Bruce's annual party date is set for Saturday, July 25. Also, Bruce is planning a fundraiser for Iowa Foundation for Agricultural Advancement at the Stine Barn in May and I wanted to send you a quick note on that. We are looking at either May 13 or 14. Is there any chance one of those works for Governor? Probably not but I thought it wouldn't hurt to check.

Best,

Sara Hobson

Good Afternoon,

We here at Summit have made the difficult decision to cancel our annual Summer party event was that was scheduled for the end of July. Even as Iowa and the rest of the country begins to reopen, we do not feel at this time that it makes sense to host a large gathering. Our country will emerge from this crisis stronger and we look forward to resuming this tradition in July 2021.

Hi Sara,

I apologize for the delay. I'm traveling with Governor so I've been away from my email a little bit. Since I've been out, a meeting has been scheduled for those slots I offered. What does his availability look like for next week?

So sorry!

Kassidy

Sara,

Thank you so much for this update. Governor also mentioned to me that Bruce was wanting to meet with her soon. Governor will be out of Des Moines today, tomorrow and Friday. What does his schedule look like for Wednesday at 3:30 pm or Thursday between 12:00 pm and 1:30 pm? Also, would he be able to come to the capitol for this? Otherwise, I can look into next week.

Thank you so very much,

Kassidy

Thanks - I will add these to my scheduling list but they're both a bit far out to confirm right now. May is tricky with bill signings so it may be mid-April before we know more about the Governor's availability. Also, I'll be going on maternity leave in mid-April so I am copying in the Governor's assistant Kassidy so this can be on her radar as well. Kassidy will be filling in for me while I'm out so she will likely serve as your best point person for both of these events.

Kirby,

Wanted to send you a quick heads up that Bruce's annual party date is set for Saturday, July 25. Also, Bruce is planning a fundraiser for Iowa Foundation for Agricultural Advancement at the Stine Barn in May and I wanted to send you a quick note on that. We are looking at either May 13 or 14. Is there any chance one of those works for Governor? Probably not but I thought it wouldn't hurt to check.

Best,

Sara Hobson

Subject: Re: Saturday, July 25 and May 13/14

Sara,

Thank you so much for this update. Governor also mentioned to me that Bruce was wanting to meet with her soon. Governor will be out of Des Moines today, tomorrow and Friday. What does his schedule look like for Wednesday at 3:30 pm or Thursday between 12:00 pm and 1:30 pm? Also, would he be able to come to the capitol for this? Otherwise, I can look into next week.

Thank you so very much,

Kassidy

Kassidy,

We have decided to cancel our annual party on July 25th, we will plan to have the party in 2021.

Thanks, Sara

On Jun 12, 2020, at 1:41 PM, Krause, Kassidy <kassidy.krause@iowa.gov> wrote:

Sara,

That sounds great! Thank you so much.

You as well!
Kassidy

On Fri, Jun 12, 2020 at 12:57 PM Sara Hobson <shobson@summitag.com> wrote:

Kassidy,

Thank you for the follow up. We do not have a reschedule date yet for the IFAA fundraiser and I should know next week the status of the party on July 25th. I will be in touch hopefully shortly after we meet to discuss! Thanks Kassidy and have a great weekend!

On Jun 12, 2020, at 12:10 PM, Krause, Kassidy <kassidy.krause@iowa.gov> wrote:

Hi Sara,

I wanted to check in and see if there was a new date for the IFAA fundraiser. Also, is Bruce's party still planned to take place on July 25th?

Thank you so much,

Kassidy

Thanks - I will add these to my scheduling list but they're both a bit far out to confirm right now. May is tricky with bill signings so it may be mid-April before we know more about the Governor's availability. Also, I'll be going on maternity leave in mid-April so I am copying in the Governor's assistant Kassidy so this can be on her radar as well. Kassidy will be filling in for me while I'm out so she will likely serve as your best point person for both of these events.

Kirby,

Wanted to send you a quick heads up that Bruce's annual party date is set for Saturday, July 25. Also, Bruce is planning a fundraiser for Iowa Foundation for Agricultural Advancement at the Stine Barn in May and I wanted to send you a quick note on that. We are looking at either May 13 or 14. Is there any chance one of those works for Governor? Probably not but I thought it wouldn't hurt to check.

Best,

Sara Hobson

Sara,

Bruce would like to invite Governor to his suite this Saturday for the ISU vs Texas Tech game with kickoff at 2:30 pm. Let me know if she would be interested/available and I can get tickets sent to you along with additional details. We do have additional seats available as well if she would be interested.

Best Regards,

Sara Hobson

Subject: CO2 Transport Infrastructure MOU - Introduction to Iowa Governors Office
Date: Mon Apr 12 2021 10:40:32 CDT
Attachments:

Hi Taryn,

As we discussed I am connecting you with Patrice Lahlum from the Great Plains Institute (GPI) who is spearheading a multi-state MOU for C02 transportation. We have been working with GPI for some time as they are doing some great work around low carbon biofuels and carbon capture that we believe can be great for states such as Iowa. I will let Patrice handle things from here, but I have copied information on the MOU she had previously provided me below.

Patrice – for your benefit Taryn recently joined the Reynold's administration as Chief Operating Officer.

"Building strategically on five years of modeling, policy development and state official and stakeholder engagement at the state and regional level, the State Carbon Capture Work Group (facilitated by GPI) is advancing a multistate MOU that provides a formal mechanism for states to develop and implement an action plan for the buildout of regional CO2 transport infrastructure to enable large-scale carbon management.

The founding signatories to the MOU—Kansas, Louisiana, Maryland, Montana, Oklahoma, Pennsylvania and Wyoming—which officially came into effect on October 1, 2020; however, outreach and engagement with several other states with continue through the first quarter of 2021. A number of other states are at varying stages of reviewing the MOU for potential signature, including Arkansas, Colorado, Delaware, Indiana, Michigan, Minnesota, Nebraska, New Mexico, Texas, and West Virginia. By fostering multistate and regional coordination, joint planning, state policy alignment and federal policy advocacy to support CO2 transport infrastructure deployment, the MOU and its implementation will complement and reinforce the state-specific policy development and advocacy around carbon capture and related deployment.

The main deliverables of the action plan include:

* Develop an initial CO2 transport infrastructure action plan within one year;
* Make state and regional policy recommendations related to CO2 transport infrastructure deployment to implement that plan;
* Engage stakeholders to solicit input on policy recommendations;
* Support efforts in Congress to incorporate CO2 transport infrastructure into federal infrastructure legislation, including measures for federal financing; and
* Support CO2 transport infrastructure buildout through strategies identified in the plan, including state incentives and investments, public-private partnerships, and other mechanisms as appropriate.

Iowa is at the heart of an optimized, national CO2 transport and storage network that has benefits for agriculture producers and the broader biofuels industry. More than 400 stakeholders from around the country are tracking the work of the MOU states and the recommendations made will have an impact on state and federal policy. “

Here is the direct link to the signed MOU: CO2 Transport Infrastructure MOU

Thanks!

Justin

Yes, thank you, Justin!

Patrice – it's great to be connected. Would appreciate the opportunity to touch base on the MOU – how does sometime Thursday afternoon or Friday morning look?

Best,

Taryn

Sara,

Good evening! The Governor will be going on vacation on June 29. I will be unable to fit this lunch into her schedule prior to that date. When she returns from vacation, I will circle back on a time to get this scheduled.

Sara,

Good evening! The Governor will be going on vacation on June 29. I will be unable to fit this lunch into her schedule prior to that date. When she returns from vacation, I will circle back on a time to get this scheduled.

Good Evening Sara,

FYI, Governor Reynolds will not be able to attend the event Friday evening as she has a visitation in Harlan. I have lunch with Bruce on my list. I know I won't be able to get it on the

schedule any time soon. February and March are going to be touch. I'll be in touch.

Subject: Summit Carbon pipeline update

Good afternoon. On behalf of Bruce Rastetter and the entire Summit Carbon Solutions team I wanted to share some critical updates on the status of this pro-ethanol, pro-agriculture project.

As of today, we have secured voluntary easements from nearly 300 individual Iowa landowners that account for nearly 700 individual tracts of land (and that amounts to 100 miles of the route in Iowa already under contract). We have hundreds of others in the queue and in the very final stages of negotiation. Progress is steady and on pace.

Also, as we pay 100% of the easement upon signing, these agreements amount to over $10 million of payments to Iowa landowners that have already been made. Millions more are queued up and ready to go when contracts go final.

Assuming that the current rules of engagement are left intact, we are well on pace to secure

more than 90% of the entire pipeline route through the voluntary easement process (very similar to what was achieved in the Dakota Access Pipeline process). Change those rules and you fundamentally change the conversations with landowners in a manner that could seriously impact this progress.

But unlike the Dakota Access project where the benefits of the pipeline were purely indirect, the benefits of the Summit Carbon Solutions pipeline are both direct and enormous for Iowa farmers, Iowa landowners, and the entire Iowa ethanol and agriculture industry.

You all know that ethanol is under attack by forces outside our state and those that would like to see an end to liquid fuels, altogether. With over 50% of Iowa's corn crop dedicated to ethanol production it is imperative that we take all necessary steps to keep ethanol relevant for the next few decades—our project is designed for just that purpose.

Lastly, attached is the most recent letter from Summit Carbon Solutions founder Bruce Rastetter to all Iowa landowners on the proposed pipeline route. I think it is important for you to read what we are actually saying to landowners, not what others tell you we are saying to landowners.

Thank you and please let me know if you have any questions as we move forward.

PS: our team would be happy to host a meeting with legislators to discuss the project in person and in detail.

SUMMIT CARBON SOLUTIONS

Iowa Landowners,

As we continue to have discussions with you regarding acquiring right-of-way, I wanted to take this opportunity to share with you directly why we decided to implement this project and address some of the questions we know are on your mind.

First, I have been involved in Iowa agriculture my entire life, and it's an industry that I will continue to advocate for at both the state and national level. I was raised on a 300-acre farm just south of Iowa Falls and continue to farm row crops in this area in addition to raising cattle and owning hog buildings. Out of college, I started selling feed to local producers and was fortunate to be part of growing the pork production industry, and later the ethanol industry here in Iowa. I have seen a lot of change over the years and have tried to keep an open mind and evolve with changing consumer demands and public policy, which ultimately have had a big impact on agriculture.

In my view, the ethanol industry has had an incredibly positive impact on Iowa and agriculture more broadly. When the industry was getting started in the early 2000's, the U.S. produced around 10 billion bushels of corn and that has grown to over 15 billion bushels in recent years. More importantly, from 1990 to 2000 (pre-ethanol), we were selling our corn for around $2.50 per bushel on average, and after the build out of the ethanol industry, our average over the past decade has been closer to $5.00 per bushel. This has driven substantial increases in farm income and land values that are 2-3 times higher than they were pre-ethanol. Today, over half of our state corn crop goes directly to the ethanol industry.

For those of you who know me, I advocate for limited government and smart policy where it's necessary. That being said, for better or worse, the government has played an outsized role in our industry. The creation of the Renewable Fuel Standard at the federal level has undoubtedly changed agriculture for the better. The government covers half the cost of our federal crop insurance, making coverage more affordable providing necessary protection from the volatility of our industry. As I look at the world around us today, it is apparent that both state and federal policy is going to be geared towards lowering the carbon footprint of all industries and favoring those that adapt – this is precisely why we created Summit Carbon Solutions. The federal government created a program called "45Q" that pays a tax credit for each ton of carbon that you capture and sequester, and a number of states have created programs that pay more for fuel that has a lower carbon footprint. The mission of Summit Carbon Solutions is simple – capture CO_2 from ethanol plants using proven technology to lower their carbon footprint so they can get more for their ethanol, and long term provide a competitive alternative to electric vehicles. Our view given current events is that it's going to take an "all of the above" solution to meet our energy needs. The 45Q tax credit has allowed us to provide this solution to over 30 ethanol plants that have partnered with us, without requiring them to come up with any money out of their pocket. There are significant federal subsidies given to incentivize the use of electric vehicles, and our view is we should utilize the programs provided to our industry to compete in a rapidly changing world and consumer demands. This is not meant to push any view as it relates to climate change, but I do firmly believe we should utilize government programs, as we have for decades, to evolve and remain competitive as an industry. If that happens, ethanol plants can continue to pay more for the corn you grow and that supports farmland values over the long term. I don't want to see a world where we are trying to find a home for half the corn we grow. In addition, we estimate we will pay approximately $30

SUMMIT CARBON SOLUTIONS

million in annual property taxes on the pipeline in Iowa. That equates to approximately $1 million paid to each county where we operate on average each year, which as we know is desperately needed to support stretched budgets.

As it relates to the easements, my message to our team has been clear from the start: 1) offer landowners a fair value, 2) respect the land they have worked hard to own and maintain, and 3) hear their concerns and be flexible to the greatest extent possible. I also said, "let's offer landowners an easement that I would be comfortable signing myself," which I did on farmland that I personally own, which was recently pattern tiled, so we get the concerns around soil disturbance and tile. We are fortunate that tax law allows for the permanent easement payments we make to you be treated as an adjustment to your long-term tax basis – put simply, based on current law, you won't owe ordinary income tax on the payment we provide to you for the permanent easement (that majority of the payment we will make to you). I know this hasn't been perfect, but we continue to learn and respect your concerns. I can tell you that Summit Carbon will respect your farmland and tile. We will repair any tile issues you have both during construction and into the future – and if you would rather fix it yourself or use a local contractor, we will reimburse you. The pipeline will be a minimum of 4 feet to the top of the pipe so you will be able to utilize the ground long term as you do now. By working together signing voluntary easements, we can address specific pipeline placement and tile concerns you have on your property.

Carbon dioxide pipelines are not new technology, in fact over 5,000 miles have been operating safely in the U.S. for decades. With over 30,000 miles of existing oil and natural gas pipelines operating safely underneath our Iowa farmland today, we are confident that we can install ~700 miles in Iowa in a way that minimizes disturbance to your property to the greatest extent possible. And for clarity, the easement we are looking to acquire from you is "single use", meaning nothing else can be put in that easement besides our CO_2 pipeline without your permission. We're also utilizing American made products to the extent they're available, and employing the latest technologies to ensure the pipeline is operated safely and reliably.

To those of you who have worked with us to sign hundreds of tracts in Iowa to date, we thank you. I believe this presents a tremendous opportunity for agriculture, which is important for our state and those of us who are involved in agriculture, an industry we care about.

Thanks,

Bruce Rastetter

The 45Q tax credit has allowed us to provide this solution to over 30 ethanol plants that have partnered with us, without requiring them to come up with any money out of their pocket. There are significant federal subsidies given to incentivize the use of electric vehicles, and our view is we should utilize the programs provided to our industry to compete in a rapidly changing world and consumer demands. This is not meant to push any view as it relates to climate change, but I do firmly believe we should utilize government programs, as we have for decades, to evolve and remain competitive as an industry. If that happens, ethanol plants can continue to pay more for the corn you grow and that supports farmland values over the long term. I don't want to see a world where we are trying to find a home for half the corn we grow. In addition, we estimate we will pay approximately $30

SUMMIT CARBON SOLUTIONS

million in annual property taxes on the pipeline in Iowa. That equates to approximately $1 million paid to each county where we operate on average each year, which as we know is desperately needed to support stretched budgets.

As it relates to the easements, my message to our team has been clear from the start: 1) offer landowners a fair value, 2) respect the land they have worked hard to own and maintain, and 3) hear their concerns and be flexible to the greatest extent possible. I also said, "let's offer landowners an easement that I would be comfortable signing myself," which I did on farmland that I personally own, which was recently pattern tiled, so we get the concerns around soil disturbance and tile. We are fortunate that tax law allows for the permanent easement payments we make to you be treated as an adjustment to your long-term tax basis – put simply, based on current law, you won't owe ordinary income tax on the payment we provide to you for the permanent easement (that majority of the payment we will make to you). I know this hasn't been perfect, but we continue to learn and respect your concerns. I can tell you that Summit Carbon will respect your farmland and tile. We will repair any tile issues you have both during construction and into the future – and if you would rather fix it yourself or use a local contractor, we will reimburse you. The pipeline will be a minimum of 4 feet to the top of the pipe so you will be able to utilize the ground long term as you do now. By working together signing voluntary easements, we can address specific pipeline placement and tile concerns you have on your property.

Carbon dioxide pipelines are not new technology, in fact over 5,000 miles have been operating safely in the U.S. for decades. With over 30,000 miles of existing oil and natural gas pipelines operating safely underneath our Iowa farmland today, we are confident that we can install ~700 miles in Iowa in a way that minimizes disturbance to your property to the greatest extent possible. And for clarity, the easement we are looking to acquire from you is "single use", meaning nothing else can be put in that easement besides our CO_2 pipeline without your permission. We're also utilizing American made products to the extent they're available, and employing the latest technologies to ensure the pipeline is operated safely and reliably.

To those of you who have worked with us to sign hundreds of tracts in Iowa to date, we thank you. I believe this presents a tremendous opportunity for agriculture, which is important for our state and those of us who are involved in agriculture, an industry we care about.

Thanks,

Bruce Rastetter

Investor Day - More Info..pdf

Good Afternoon,

As you are already aware, we have a fantastic lineup of speakers (attached) for our event on Saturday, July 27th. Please feel free to submit questions for the Summit team regarding our investments ahead of time to be answered at the event and also RSVP, if you have not already done so.

We plan to begin our Investor Day program promptly at 3:00 PM, so you will want to arrive early. Please note again that the address of this event is at the same location as the Summer Networking Party. Both events will be held at [redacted].

We look forward to seeing you soon!

Bruce

Mike Hayes is a senior executive at Cognizant, a 270,000 person IT services firm, Fortune #195, with $16B in revenue. He is a member of the 14-person executive leadership group, has P&L responsibility for the firm's largest clients in Banking and Financial services, and currently leads a massive change management program to drive scale and growth for the firm's largest accounts.

Prior to joining Cognizant, Hayes was a Chief of Staff to the CEO and Chief Operating Officer at Bridgewater Associates, the world's largest and most successful hedge fund with over $160B under management. He joined Bridgewater after serving as a White House Fellow and Director of Defense Policy and Strategy at the National Security Council under the Bush and Obama administrations, and a 20-year Navy SEAL career during which he was Commanding Officer of SEAL Team TWO. He is a lifelong Sox/Pats fan, but most enjoys laughing with his wife, Anita, and their 17-year-old daughter, Maeson.

Bruce Rastetter is a lifelong Iowan committed to making a difference in the state. He is a successful entrepreneur of agriculture and energy-related companies, as well as a community leader dedicated to improving the quality and affordability of higher education in Iowa.

A true entrepreneur, Bruce co-founded Hawkeye Energy Holdings in 2003, which grew to become one of America's largest pure-play ethanol producers. He served as CEO until 2011. Today, Bruce serves as CEO of Summit Agricultural Group, a leader in agribusiness, production agriculture, renewable energy and international development. The organization includes Summit Farms, headquartered in northern Iowa. The operation includes extensive grain and meat production while maintaining a strong environmental commitment, with thousands of acres of conservation land. Bruce, an active philanthropist and community leader, supports efforts focused on education and entrepreneurship. He is a past president of the Iowa Board of Regents.

Chris Christie was inaugurated as the 55th Governor of the State of New Jersey on January 19, 2010. He was re-elected in November of 2013 and served two full terms as Governor. He left office in January of 2018. During his time in office, Governor Christie emphasized the issues of fiscal responsibility, pension and health benefit reform, education reform and the opioid crisis gripping his state and the nation. He also devised the state's landmark response to Superstorm Sandy, leading the rebuilding of the state's housing, infrastructure and public schools and setting a bi-partisan example for storm recovery.

On March 29, 2017, President Donald J. Trump appointed Governor Christie as Chairman of the President's Commission on Combating Drug Addiction and the Opioid Crisis. Governor Christie led the Commission on a seven-month investigation of this issue, holding hearings around the country. Prior to his service as Governor, he served as the United States Attorney for the District of New Jersey from January 2002 to December 2008.

Governor Christie authored "Let Me Finish," a political and personal autobiography, which was published by Hachette Books in January 2019. The book premiered at number five on The New York Times best seller list and stayed on the list for an additional three weeks. He is now a Senior Legal and Political Commentator for ABC News and the Managing Member of the Christie Law Firm and Christie 55 Solutions, LLC in Morristown, NJ. Governor Christie married his wife Mary Pat in 1986. They have four children: Andrew, Sarah, Patrick and Bridget. They currently reside in Mendham and Bay Head, New Jersey.

Doug Oberhelman served as chairman of the board of directors and as chief executive officer of Caterpillar Inc. beginning in 2010. After a 41-year career with Caterpillar, he retired as CEO on December 31, 2016 and as executive chairman on March 31, 2017.

Oberhelman serves on the board of directors of Exxon Mobil Corporation, Peter Kiewit Sons', Inc., and Bombardier Inc. He is former chair of both the Business Roundtable and the National Association of Manufacturers. He serves as vice president of the Wetlands America Trust and is a director on the board of the Max McGraw Wildlife Foundation. He is also chairman of the board of trustees for the Easter Seals Foundation of Central Illinois. Oberhelman is married to Diane Cullinan Oberhelman, the founding partner and current chairman of Cullinan Properties, based in Peoria, Illinois, with offices in Chicago and St. Louis. They have four grown children and ten grandchildren.
