

## **Customer Objection Form Submission**

### **Submitter Information:**

Erin Eischen  
1708 180th St  
Lu Verne, Iowa 50560-8565  
eeischen1@gmail.com

Submitted to the Iowa Utilities Board

October 13, 2023 12:08 AM CDT

### **Objection to be filed in Docket Nos.:**

- HLP-2021-0001 (*Summit Carbon Solutions, LLC*; Petition for Hazardous Liquid Pipeline Permit)
- HLP-2023-0004 (*Summit Carbon Solutions, LLC*; Hazardous Liquid Pipeline)

I am a neighbor living next to the proposed Summit pipeline route. While I am not a landowner, I am still impacted by the decision of the Board to approve or deny Summit's application. From the disruption construction would cause to the threat posed by a possible rupture of the pipeline, I would have liked a greater say in the proceedings. Historically, the IUB has approved interventions from neighbors, acknowledging that they are an interested party. However, that was not the case with the Summit hearing. After seeing the Board deny intervention for other neighbors because of their strict interpretation regarding prospective intervenors' interest, I did not attempt to intervene. Despite the Board deciding the outcome of this case does not directly effect me, I would like to note my objection to this pipeline project. Summit's proposed hazardous liquid pipeline is a risk to my family, my community, and my livelihood. A risk I am expected to burden without any benefit because this project is not a public convenience or necessity. Please deny Summit Carbon Solutions' application.
