

## Interstate Power and Light Company

July 1, 2020

**INTERPRETATION NO. IPL E2020-16**

**NET METERING PILOT FREEZE**

**RE: Docket Nos. TF-2016-0321 and TF-2020-\_\_\_\_\_**

### Purpose

The Iowa Utilities Board (Board) Order Continuing Net Metering Pilots issued March 23, 2020 in the above-referenced docket required that Interstate Power and Light Company's (IPL) existing net metering pilot tariff (NM rate) continue to be offered until a new inflow-outflow tariff is approved by the Board. Coinciding with the filing of IPL's new In-flow/Out-flow (IF/OF) DG Billing tariff (Docket TF-2020-\_\_\_\_\_), the NM rate will no longer be available to customers installing their own generation. Only customers who submit a completed interconnection application prior to Board approval of the IF/OF DG Billing tariff would be allowed to take service under the existing NM rate. An existing NM rate customer can opt to move to the new IF/OF DG Billing tariff but would not be allowed to return to the frozen NM rate thereafter in the future. Therefore, the NM rate tariff sheets have been marked as "Frozen" and under the General terms section the rate will state that it is frozen to existing customers at existing locations.

### Tariff Changes:

IPL. – ORIGINAL TARIFF NO. 1

#### Replace:

Second Sub. Fourth Revised Sheet Nos. 39  
Second Sub. Fourth Revised Sheet Nos. 40  
Second Sub. Fourth Revised Sheet Nos. 41  
Sixth Revised Sheet Nos. 42  
Second Revised Sheet Nos. 42.1

#### With:

Fifth Revised Sheet No. 39  
Fifth Revised Sheet No. 40  
Fifth Revised Sheet No. 41  
Seventh Revised Sheet No. 42  
Third Revised Sheet No. 42.1
